**RE: Amateur license NO5R; Applications for W5JB, AI5L, KC5KJG, KJ5AE**  
**Case #EB-2007-2980**

Dear Mr. Boone:

The Wireless Telecommunications Bureau has referred to the Enforcement Bureau numerous applications you have made for Amateur Radio call signs. Since May 1, 2000, you have filed over 25 applications requesting or cancelling the above call signs. Ten such applications, alternating requests for the above call signs, were filed in 2006.

Once you were granted these call signs and later submitted them for cancellation, they were unavailable to anyone else for two years. This appears to be an abuse of Commission's application processes. Pursuant to Section 308(b) of the Communications Act of 1934, as amended, 47 U.S.C. § 308(b), we request that you explain the purpose of these application filings. We request that you respond within 30 days of the date of this letter, and during that period determine which call sign you wish to retain.

In an inquiry of this type we are required to notify you that a willfully false or misleading reply would be punishable under *United States Code* Title 18, Section 1001, and would constitute a separate violation of Commission rules.

Sincerely,

W. Riley Hollingsworth  
Special Counsel  
Enforcement Bureau
